

## **Insurance coverage to drive a rental van in Europe.**

Here is a short summary of your van rental coverage which is included with your reservation. Your rental comes with full coverage insurance valid in all countries in Europe.

### **Liability insurance**

1. With your reservation you purchase vehicle liability insurance that covers the renter, authorized drivers and other co-insured persons against claims of third parties for death, personal injury or damage to personal property during the rental period. The insurance does not cover personal injury of occupants, damage to the rented van or damage to objects located on or in the van. The renter is solely liable for all claims for damages directed against him, for which the insurer does not pay.
2. The insurance coverage extends to a maximum coverage sum for personal injury and damage to property of EUR 100 million. The maximum sum insured per injured person is EUR 12 million.
3. There is no insurance coverage for damage caused intentionally or which are brought about unlawfully.
4. Opposing claims may not be recognized.

### **Collision "Full Coverage"**

1. Your purchased vehicle collision coverage, in the event of a claim (damage, destruction, theft, other loss or loss of the rented item, including driving vehicle keys, vehicle documents and other accessories), the van is covered by the collision coverage up to the amount of the deductible.
2. The deductible for the renter is €1000.00 per claim.
3. There is no insurance coverage for damage caused intentionally or which are brought about unlawfully.

Q: Is a van insured driving with my US license in Germany?

A: Yes, insurance coverages include drivers from the United States.

Q: Can I purchase full coverage to go into any country in Europe?

A: Yes, your rental includes full coverage insurance which covers all EU countries, Switzerland and many other countries in Europe.
